

# SIUSAI 2023

## 2023 International Symposium on Intelligent Unmanned Systems and Artificial Intelligence

Shenzhen, China | April 21-23, 2023

### CALL FOR PAPERS

Prospective authors are welcome to submit original papers following the manuscript guidelines on topics including, but not limited to:

- Agent-based and multiagent systems
- Intelligent robot systems
- Agent-oriented software engineering
- Intelligent system applications for unmanned vehicles
- AI and expert systems
- Knowledge acquisition and ontologies
- AI applications and innovations
- Knowledge engineering
- Air balloons and blimps
- Knowledge maintenance
- Architecture for autonomous systems
- Knowledge representation and reasoning
- Artificial Intelligence
- Linked open data
- Artificial muscle actuators
- Machine learning
- Augmented reality
- Micro Air Vehicles (MAVs)

Please visit the conference website for more details:

### Publication:

Conference presented and registered full paper will be included in **Journal of Physics: Conference Series(JPCS)**, and submitted to major citation databases like **Ei Compendex, SCOPUS**, Google Scholar etc. for reviewing and indexing.

A selection of good papers can be recommended to submit to journals for publication after significant extension.

### Important Dates:

Abstract Submission	Nov. 30, 2022
Full Submission	Dec. 30, 2022
Registraton	Jan. 10, 2023
Main Conference	April 21-23, 2023

## Welcome

2023 International Symposium on Intelligent Unmanned Systems and Artificial Intelligence(SIUSAI 2023) will be held in Shenzhen during April 21-23 2023.

SIUSAI 2023 aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results in the field of Unmanned Systems and Artificial Intelligence.

With the theme “Unmanned Systems and Artificial Intelligence” , SIUSAI 2023 aspires to keep up with advances and changes to a consistently morphing field. Leading researchers and industry experts from around the globe will be presenting the latest studies through papers and oral presentations.

SIUSAI 2023 is organized by The International Association of Electrical, Electronic and Energy Engineering(IAEIEEE).

## Conference Committees

### Conference Chair

Danilo Mandic--Imperial College London, UK

### Advisory Committee

Kamesh Namuduri--University of North Texas, USA  
Chun-Yi Su--Concordia University, Canada

### Program Chair

Zhengtao Ding--University of Manchester, UK
